

**MA 330, Spring 2009**  
**Comments on Final Version of Course Project**

Please keep the following comments in mind as you work on the final version of your course projects. Also, please review the original comment sheet I distributed regarding the project, available at

[www.ms.uky.edu/~7ebraun](http://www.ms.uky.edu/~7ebraun).

- (1) You will need to turn in three things:
  - The final version of your paper;
  - The first version of your paper, preferably the copy that you turned in with my original comments; and
  - The grading sheet for the first version of your paper.
- (2) Your final version is due at the beginning of class on Friday, April 17.
