

Math 114 Recitation: Fall 2006

Section 11

12:30-1:45

CP 367

Recitation Instructor: Eric Clark

Office: 806 Patterson Office Tower

Email: eclark@ms.uky.edu

<http://www.ms.uky.edu/~eclark>

Office Hours:

Tuesday: 2:00pm-3:00pm

Wednesday: 2:00pm-3:00pm (Mathskeller)

Thursday: 2:00pm-3:00pm

or by appointment

Grading: Recitation contributes 100 points to your final grade in the class. These points will be divided up between quizzes (50 pts) and homework (50 pts). Attendance will be taken and counts toward your pass/fail grade of MA194.

Expectations: Recitation should be a more comfortable setting than the lecture where you can get your questions heard and addressed. I would like you all to come to class with questions about the homework or any of the material covered in lecture. That way, the recitation will not become just another lecture you have to sit through.

Resources: The office hours that I give above are dedicated to helping you. You can stop by any time during those hours without having to actually set up a time with me. If I ever will be missing an office hour, I will let you know. If it happens that you want to meet with me but cannot make any of these times, let me know through email and I will try to work with you to find a time good for both of us.

I am also available for questions through email. I will try to be prompt about answering emails, but I may not get to emails received after 10pm until the next day. **By email questions, I mean questions. “I don’t know how to do problem 11” is not a question. Please tell me what you have tried, directions you have attempted, and where the problem is occurring.**

Also make use of The Study, located in the basement of the Young Library. Tutors are available on Sundays 6pm-10pm and Monday-Thursday 3pm-10pm.
