 Other times available by appointment: send an email or stop by my office.

Lecture Time and Location:

Sections 15 – 21 meet MWF from **1:00 – 1:50** in **CB 118** (Whitehall Classroom Building)

Sections 22 – 28 meet MWF from **2:00 – 2:50** in **CB 106**.

Check your schedule for the **room and time of your recitation**, which will be either on Tuesdays or on Thursdays.

Attendance and participation in lecture is required, and will primarily be assessed using Turning Point **Clickers**. Because of this, it is important to attend your assigned lecture. If you already own a clicker for another class, you should use the same clicker for this class. You should register your clicker on Blackboard if you haven't already done so. **Absences** must be reported using the **online form** to be excused. You get five "free" class meeting absences as long as they are reported on the form within 24 hours of the absence. Homework extensions are typically only given if you are absent a week or more.

Textbook: **Calculus** by Elliot Gootman (**optional**, but many students have found it helpful).

Course Help: Free tutoring is available in the Mathskeller, CB 063, M-F, 9-5, <http://www.mathskeller.com>.

Homework: Homework will be online through WebWork, which is free to students. Your login name is your linkblue ID (for example, mine is ejwh226) and your password is initially your student ID without the leading 9. The first homework is due on the evening of Thursday, January 22.

Exams

Exams will be given in the EVENING. You should **check the course website for room assignments** based on your section number. If you have a legitimate conflict with an exam you can request an alternate time using the form on the course website.
