Read the UK first day checklist. Find the course text and read sections 3, 4, 5, 26, and 35. Also, make sure you know your teaching assignment (course, room, times) in case we need to confirm it on Monday. Note that not of all of the reading material is relevant (or true) for your specific job – but it’s something to think about as you approach your first assignment as a teaching assistant. We’ll discuss some of it on our first day.
