

1. HOMEWORK 1

Find a partner in the class. Attend one of your partner's recitations (depending on the length, you don't have to stay for the whole time, but you should stay for long enough to get a sense of what's going on). Write down an answer to one of the following questions.

- What was one thing they did particularly well?
- Did you learn anything or observe anything interesting in your partner's recitation?

Hand it in at the beginning of class on September 9.
