

1. HOMEWORK 6

Sit in on a classmate's recitation section. (Let them know you're doing this in advance.) Try to fill out the Graduate Teaching Assistant Class Observation Form to the best of your ability. (You don't have to discuss it with your observee and obtain a response unless they'd like to respond.)

The purpose of this exercise is more to give you a chance to think about this form as an observer than it is to give feedback to the observed TAs, so this assignment will not be due until October 29, after I've had the chance to fill out my own version of the form without seeing anyone else's.
