

**MA341 Homework #4**  
**Due Monday, October 8, 2001**

Chapter 2, problems 36, 37, 46, 48.

We will have Exam #1 at the beginning of the week of October 15. We could have it in class (with the opportunity to stick around longer than 5:15) or have it Tuesday evening.

On Monday, October 15, I want to see a rough draft of your projects—I strongly urge going to the Education Library and looking at samples of textbooks at all levels to give you ideas of “typical” problems. Look at books on educational assessment to see examples of assessment rubriks. Email or talk to Kathryn McLaughlin ([kmclaugh@fayette.k12.ky.us](mailto:kmclaugh@fayette.k12.ky.us)) and Georgia Ringo ([ringosky@qx.net](mailto:ringosky@qx.net)) for very concrete examples and ideas.
