

# MA 501 Homework #1

Due at the end of the day, Monday, January 14

1. TYPE a paragraph or two describing your background and current engagement with respect to teaching mathematics and your program of study in mathematics education. In particular, if you are presently a math teacher, tell me what kinds of courses you teach or might want to teach, and if you are contemplating research in mathematics education, tell me about your area of interest. Tell me also in what ways you hope this course will benefit you. Submit your document into Blackboard.
2. Review the course syllabus (on course website, <http://www.ms.uky.edu/~lee/ma501sp13/ma501sp13.html>).
