

MA515 Homework #7
Due Monday, November 7

All of these problems come from Jon Lee's text.

1. Problem (Unique-circuit property), p. 53.
2. Exercise (Maximum-weight spanning tree), p. 58.
 - (a) Find the maximum-weight spanning tree (this is what the exercise asks).
 - (b) Also find the maximum-weight forest (acyclic subgraph).
3. Problem (Scheduling), p. 59.
4. Exercise (Scheduling), p. 59.
5. Exercise (Dual solution), p. 69.
