

**MA 601**  
**Homework #12**  
Due Monday, December 4

1. Continue working on your CV (but I will not be collecting them.)
2. Browse Polya's book, How to Solve It,  
<https://math.hawaii.edu/home/pdf/putnam/PolyaHowToSolveIt.pdf>.
3. Develop a list of a few specific things you will do next semester in the classes you will be teaching, addressing, e.g., growth mindset; conversations, grouping, and collaborations; use of technology; high cognitive questioning; learning names early, etc.
