

UNIVERSITY OF KENTUCKY

Math Movie of the Month
presents:

**The United States of
Mathematics
Presidential Debate**

Colin Adams vs. Tom Garrity

**Moderated by
Ed Burger**

“A parody of the presidential debates, this film introduces the mathematical field of knot theory and the Euclidean algorithm, all in 45 minutes. Presented by Colin Adams and Thomas Garrity, who previously did *The Great π/e Debate*, and moderated by Edward Burger, it is a memorable way to present fascinating mathematics.” – 45 min

**Friday November 4, 2016
7:30pm in CB 118**
