

The Noetherian Ring invites you to lunch with...

Dr. Claudia Neuhauser
Vice Chancellor for Academic Affairs

University of Minnesota at Rochester

Monday October 4, 2010

12:00-1:30pm in 745 POT

Dr. Neuhauser received her Ph.D. in Mathematics from Cornell University in 1990. As Vice Chancellor for Academic Affairs, she is responsible for the development of academic programs on the new campus of the University of Minnesota in Rochester.

Dr. Neuhauser is an applied mathematician, whose research relates to biology across levels of organization, from the genome to ecological communities. She studies the role of space in community dynamics, investigates how selection affects genealogies, and develops statistical tools for genomics research.

To learn more visit <http://www.r.umn.edu/administration/leadership/vice-chancellor/index.htm>

Lunch will be provided for the first 20 who sign up.

To sign up for lunch, please email Megan Gier at mgier@ms.uky.edu and let her know of any dietary restrictions.
