

## Student Registration Instructions

Course Name: MA 114 - CALCULUS II

Start Date: 1/11/2012

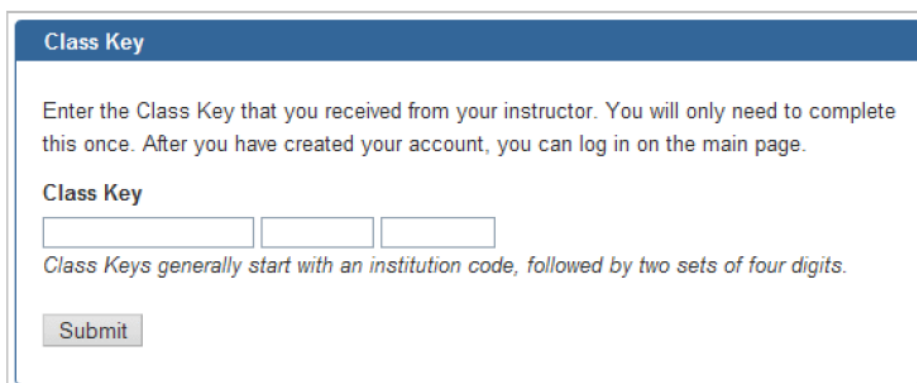

### Enrolling Yourself in a Class Using a Class Key

If your instructor gives you a WebAssign class key, you can enroll yourself in the WebAssign class roster. If you do not already have a WebAssign account, you can create one after verifying the class key.

 **Important:** An access code is not the same as a class key. You need a class key to enroll. You might need to pay student fees later with your access code.

#### To self-enroll for a class:

1. Go to the WebAssign login page ([www.webassign.net](http://www.webassign.net)), and click **I have a Class Key**.

The screenshot shows a web form titled "Class Key". The form has a blue header bar with the text "Class Key". Below the header, there is a paragraph of text: "Enter the Class Key that you received from your instructor. You will only need to complete this once. After you have created your account, you can log in on the main page." Below this text is the label "Class Key" followed by three empty input boxes. Underneath the input boxes is a note: "Class Keys generally start with an institution code, followed by two sets of four digits." At the bottom left of the form is a "Submit" button.

2. Enter the Class Key your instructor gave you, and click **Submit**.

3. On the verification page, check the class information and determine whether or not the correct class and section is displayed.
  - If the correct class and section is listed, click **Yes, this is my class** and go to step 4.
4. If you have an existing WebAssign account, select **I already have a WebAssign account**, type the **Username**, **Institution**, and **Password** for your account, and click **Continue**. You are enrolled in the class and logged in to WebAssign using your existing account.
5. If you do not have an existing WebAssign account, you can create one now.
  - a. Select **I need to create a WebAssign account**, and then click **Continue**.
