A Summary of topics discussed in Class.

1   September 2014

1.6   Sep. 15

- Finish discussion of coordinate systems.

- Space Curves i.e. Vector Functions.

- Limits and derivatives of Vector Functions.

- Tangent line to a Space Curve.

1.7   Sep. 17

- Discussion of Space Curves continued.
  Derivative formulas for dot product and cross product.

- Integrals of Vector Functions.

1.8   Sep. 19
