

**MA 614 – Homework 5**  
**Due Wednesday, Jan 26**

This homework is a short essay. You must type your homework in LaTeX. This essay should be 1-2 pages in length when using the amsart documentclass package at 11pt font. (You do not have to use this formatting, you may write the equivalent in a different format).

1. How do you describe your experience reading the textbook? Are there any aspects of the reading that have been particularly easy or particularly hard? Have you been using the strategies in the suggestions for reading mathematics handout? If so, have they been helpful?
