

Faculty Meeting Partial Minutes

17 September 2019

- (1) Course changes for MA 111: Establishing an online version of MA 111 and making it variable credit.

Rationale: The online version will allow students who are not on campus to pass the UK core quantitative requirement. The extra credit hour will provide supplemental instruction for students who have not yet met minimum test score requirements for college readiness.

Moved to vote, seconded, faculty vote to pass.
