

# UK MATH CLUB

John Scoville    Kathy Sharrow

Department of  
Physics

Department of  
Mathematics

University of Kentucky

## Undergraduate research opportunities in the mathematical sciences

The speakers will discuss research carried out as undergraduates. John worked with Jim McDonough in UK's mechanical engineering department on modeling turbulence. Kathy spent a summer at SUNY-Potsdam in Research Experience for Undergraduates (REU) program.

Information will be available at the meeting for students interested in applying for summer programs for mathematics students.

4 pm, Wednesday  
16 January 2002  
CB331

Pizza and math!
