J. Terry Ginn

UK Mathematics Alumnus

My Random Walk

J. Terry Ginn received his Bachelors degree and Masters degree from the University of Kentucky Mathematics Department in the late 1960's. Since leaving the department he has worked in a number of areas. In his talk he will describe his career as a mathematician working in industry. Some of the applications he will discuss include integrated circuit design, missile guidance and trading of bandwidth.

16 October 2008

Reception, 3:30pm, POT 745

Presentation, 4pm CB 242
