

MATH 330 — Spring 2011

ASSIGNMENT 12

Due April 20, 2011

Write a 3-4 page critical review of the course *MA 330 002 – History of Mathematics – Spring 2011*. Imagine this to be a review for other students to read while choosing courses. Give detailed reasoning for your commentary. Your review should address questions such as the following:

1. What was your favorite mathematical topic? Your least favorite mathematical topic?
2. What was the most important thing you learned in the class?
3. What aspects of the course did you like the most? The least?
4. Discuss the quality of the syllabus, the course texts, the homework, the class discussions, etc.
5. Discuss anything you feel is relevant to someone thinking about MA 330 in the future.

This homework is worth 20 points, based only on completion (i.e. if you turn it in, then you get full credit). This homework should be typed and emailed to david.royster@uky.edu. I will not read these until after final grades have been assigned.
