

Announcements

1. New homework is up! You can do problems 1-11 and problem 20 based on previous material (most is from Tuesday). Problems 12-19 are based on today's work.
2. Today: a bit of review, then two goals:
 - a. Large numbers with exponents
 - b. RSA Cipher (mainly computations)
3. Next week:
 - a. Tuesday: More about RSA (context) and review
 - b. Thursday: Exam 2
 - i. Bring your OWN CALCULATOR. You may not borrow from someone else during the exam. You may not use your phone.
 - ii. Format: like Exam 1: several multiple-choice, then about two pages of short answer.
