

Geometry #7

Before Tuesday, October 2, 11 pm

Read “Notes on Geometry,” pages 82–97. Go to the Forum “Distance” and discuss approaches to solving at least one of the Exercises 8.0.1–8.0.22. Don’t worry if you don’t have a complete solution yet. Try to select an Exercise not chosen by someone else. Then, by Thursday, October 4, 7 pm, make at least one addition or response to others’ postings before class.

Thursday, October 4, 7–9 pm

Attend the Adobe Connect session to discuss the readings, forum, and comments and questions on the assigned homework due on Sunday. Email me the desired date to make your presentation. We can probably have two presentations in any given week.

Before Sunday, October 7, 11 pm

Homework problems due Sunday, October 7, 11 pm, uploaded to the Moodle site as a single file less than 2 MB, or else emailed to the address lee@ms.uky.edu. Please use Word or pdf files only.

1. *Notes on Geometry*, Exercise 8.2.5.
2. *Notes on Geometry*, Exercise 8.2.6.
3. *Notes on Geometry*, Exercise 8.2.7.
4. *Notes on Geometry*, Exercise 8.2.10.
5. *Notes on Geometry*, Exercise 8.2.11.
