

MA515 Homework #1
Due Friday, August 26

1. Read pages 1–5 of the introduction in the text.
2. Read my handout on cdd and try to get it to run if you have a mathsci account. You may first have to telnet into “T” by clicking “Start,” then “All Programs,” then “Telnet T.” Create a file test1.ext and try to process it. Don’t worry if you are not successful, but feel free to contact me if you are having problems.
3. Read pages 1–7 of my notes.
