

MA 601
Homework #4
Due Monday, October 3

1. Read “Active Learning in Mathematics, Part III: Teaching Techniques and Environments by Ben Braun at <http://blogs.ams.org/matheducation/2015/10/01/active-learning-in-mathematics-part-i#sthash.Z2i1C2xK.dpbs>. Note that he mentions some issues of technology.
2. Considering bringing your laptops or tablets with GeoGebra installed. See <https://www.geogebra.org>. Think about some things you might like to see illustrated with GeoGebra during class and email your suggestions to me in advance.
