*All students
with an interest in Mathematics
are welcome to attend!!*

Date: Wednesday, November 2, 2011

Time: 4:00pm - 5:00pm

Room: 212, Classroom Building

Abstract:

Suppose you want to make the fastest slide connecting two points.

What shape should you make it?

In this talk, the mathematics of finding such shape will be described along with related questions. Our friend, the derivative, will make an appearance and will be set to zero.
